Online sleuths have been busy lately fielding all the rumors, conspiracies, and allegations surrounding sex trafficking rings and rackets that they believe are being exposed.

I will admit, a lot of “big fish” pedophiles have been captured lately. In addition, we have the capture of sex trafficking madam Ghislaine Maxwell – so there is a lot of buzz going on right now surrounding sex trafficking.

A couple of days ago I told you about the “Wayfair” conspiracy, where online sleuths believe Wayfair is used as a front to sell children.

And you probably know about the Chrissy Teigen accusations...Online users claim she was part of Epstein’s cabal and traveled to his island.

Now, a new figure has emerged in the center of another “Epstein conspiracy.” It’s nonother than Dan Snyder the owner of the Washington Redskins.

Snyder has long been associated with the rumors of “sex trafficking” after an incident occurred in Costa Rica with the team’s cheerleaders, who were reportedly “pimped out” to big-money male sponsors and season suite-holders.

The rumors now come from a “bombshell” WAPO piece where fifteen women accuse the Redskins organization of some very damning behavior.

From Meaww

Daniel had been at the center of similar controversies back in the day when the Redskins cheerleaders were sent off to Costa Rica for a week-long trip that included topless photoshoots. In a Times story, several unnamed girls shared detailed accounts of what went down at the resort they were put up in. This was followed by a spate of accusations against the Redskins’ management team that they were pimping out cheerleaders to male sponsors and suite holders. “At one of my friend’s shoots, we were basically standing around her like a human barricade because she was basically naked, so we could keep the guys from seeing her,” a cheerleader told Times.

Meanwhile, fans are coming down hard on Daniel and possibly hoping that the alleged news about him being removed the team comes true.

“It’s been the worst run sports franchise of the last 20 yrs and one man is to blame. I’m sure it’s awful,” a fan wrote, while another shared: “I can’t imagine literally anything short of dan snyder single handedly running the wayfair sex trafficking ring out of the ref locker rooms in fedex field that could make that org look worse than they already have for years.”

Meanwhile, other users on the internet wondered if the article would be about his alleged involvement in sex trafficking as one user wrote, “Dan Snyder was sex trafficking? Yeah I knew he was an unlikeable ass but I didn’t think it would be that extreme. My god.” Another added, “Dan Snyder. The Washington Redskins owner is getting popped for sex trafficking. He was on Epstein’s list too.

All I can say is that there is an awful lot of sex traffickers and pedophiles getting busted lately, and that's a good thing.
